Dear Middletown Township Residents:

Township staff was notified by Sunoco that injection pressure grouting to finalize the geotechnical assessments will be completed this week. Pressure grouting of the core testing areas on Valley Road and on private properties will complete the assessment process. Use of flaggers and restricted travel lanes will occur as approved by PennDOT.

Township awaits the reporting from Sunoco to provide to Township consultant, Geoscience, to provide an independent opinion on the findings. Township staff will update its website with any new confirmed information at www.middletowndelcopa.gov/sunoco.

Sincerely,

Andrew S. Haines
Township Manager
