RE: Schedule of Work Updates from ETP/Sunoco January 25, 2022

The caliper pig run occurred today, Tuesday, January 25th, running from South Pennell Valve site in Middletown Township to Chester County.

Tomorrow, 1/26, Crews will begin to clean and dry the pipe segment. This involves sending foam pigs through the line. When the foam pig clears the line, air will be exhausted for a short duration. This may take several days to be completed. ETP/Sunoco will update the Township as to when the work will be completed.

ETP/Sunoco has provided notification to Glenwood Elementary because the work is adjacent to the school's property. That notification, plus notifications to PSP, Delco Emergency Services and both fire companies in Middletown Township have been provided.

Sincerely,

  
John McMullan
