RE: SCHEDULE OF WORK UPDATES FROM ETP/Sunoco January 20, 2023

Glen Riddle Junction Valve Station

ETP/Sunoco operations team will be completing maintenance work on the above ground pipeline platform at Glen Riddle Junction. There will be no digging associated with this work, all work being completed is above ground on the pipe platform.

There will be small crews in and out of the site through February replacing some of above ground pipe runs on the out of service pipelines. There will be no welding associated with this work, only bolting and unbolting pipe connections. ETP/Sunoco has reached out to all nearby landowners letting them know about the maintenance activity and the duration of the work. All work will be completed within regular Township work hours.

If you have any questions or concerns, please contact the ETP/Sunoco community hotline at 1-855-430-4491.

Sincerely,

John McMullan
Township Manager
