RE: SCHEDULE OF WORK UPDATES FROM ETP/Sunoco August 26, 2021

Thursday, August 26, 2021

Energy Transfer will be conducting a hydrotest on the completed pipeline installed between South Pennell and Sleighton Park. While the test will only take place on one day, there will be noise associated during the prep work and completion of the test. Over the course of the next few days and week you may hear the sound of air exhausting from these two workspace areas, this is part of the test and does not present a public safety issue.

If you have any questions about the nature of this work please reach out to Energy Transfer directly through their community hotline: (855) 430-4491

Notifications made by ETP/Sunoco:

- Adjacent landowners
- Local officials
- County EMS
- Glenwood Elementary School
- Rocky Run Fire Company
- Middletown Fire Company

Sincerely,

John McMullan
Township Manager
