Dear Mr. McMullan,

Energy Transfer will be completing a line fill on a five-mile section of the recently completed 20-inch Mariner East 2 pipeline in Delaware County.

To support this evolution of work, there will be activity at the South Pennell valve station on July 27th with work expecting to be completed on July 29th.

We have contacted County 911, and local officials to advise that any noticeable activity is being managed by trained and qualified personnel under controlled conditions.

If you have any questions or concerns about this work, please contact the Energy Transfer Community Hotline **(855) 430-4491**.

Sincerely,

A handwritten signature in blue ink that reads "Joseph Massaro".
