Dear Mr. McMullan,

In relation to the Mariner East 2 project in Middletown Township, we are preparing for pullback activities for the segment between the temporary workspaces at Sleighton Park and Valley Road, referred to as HDD 591.

In order to safely complete the final evolution of work for HDD 591, we would like to close the Valley Road entrance to Sleighton Park. We plan to implement the same signage plan that was used during the 16" pipeline pullback previously completed at this worksite.

In order to give the public enough notice of this work, we will implement the signage plan once township approval is granted.

Sincerely,

A handwritten signature in blue ink that reads "Joseph Massaro".
