

Andrew Haines
Township Manager
27 North Pennell Road
Lima, PA 19037

May 26, 2020

Dear Mr. Haines,

Pursuant to an agreement with Middletown Township on September 26, 2016, which states:

SPLP agrees that prior to placing the pipelines in service, it shall provide written notice to the Township of the products being transported by the pipelines so as to facilitate the operations of emergency responders in the township to any incident involving the pipelines. Prior to any change in the products being transported, SLPL shall notify the Township of the date of the change and identify the products that will be transported.

On Wednesday, May 28th we will be commissioning a 13 mile section of the Mariner East 2x pipeline. This section traverses Middletown Township and will be transporting natural gas liquids including propane, butane and ethane. These are products that have been previously discussed with Middletown Township Emergency Management as they are also moved in other pipelines that we have in the Township.

Sincerely,

A handwritten signature in blue ink that reads "Joseph Massaro".

Joseph Massaro
