

A CENTURI COMPANY

3/7/2025

Dear Resident,

Riggs Distler, a contractor working on behalf of PECO Energy, would like to notify you of an upcoming road closure on Darlington Road, from Valley Road to New Darlington Road, to through traffic. During work hours from 8:00 AM to 3:00 PM from 3/11/25-3/14/25 only local traffic will be permitted access. If you are in receipt of this letter, you will be directly affected by the road closure. We will work with affected residents on entering and exiting their driveways through the work zone. We are working directly with Middletown Township regarding the impact within the community, and how we can safely meet the customers' needs. We will make an effort to notify each resident prior to any road closures as requested by Middletown Township.

During the upcoming closures, we will be installing new utility poles, cross arms, equipment, as well as prepping for upgrades to the system for enhanced reliability. Our crews will be working at each pole location multiple times throughout the project. We will have traffic control set up at each road closure point to assist local residents in navigating our work zone so there is little to no disruption to property access.

We apologize for any inconvenience this may cause and thank you for your patience and understanding.
