

John McMullan
Middletown Township Manager
27 North Pennell Road
Lima, PA 19037

Aug. 14, 2021

Dear Mr. McMullan,

See the below operations work schedule for the week of August 16th.

South Pennell Valve Site:

During, the week of Aug. 16, Energy Transfer operations personnel will be on site at the South Pennell valve station located near Lenni Road to complete an inline inspection smart tool run.

At times, crews on site will be utilizing an expro flare to complete the work. This evolution of work is expected to take place during the day and within regular township working hours.

We have contacted County 911, local officials and nearby landowners to advise that any noticeable activity is being managed by trained and qualified personnel under controlled conditions.

If you have any questions or concerns about this work, please contact the Energy Transfer Community Hotline: **(855) 430-4491**.

Mt. Alverno Cathodic Protection:

On Monday, Aug. 16, Energy Transfer personnel will be mobilizing equipment to our pipeline easement on Mt. Alverno road support the installation of a cathodic protection system.

Weather pending this work is expected to take 5 – 6 days to complete.

Sincerely,

A handwritten signature in blue ink that reads "Joseph Massaro".

Joe Massaro
Lead Specialist, Public Affairs
