

John McMullan
Middletown Township Manager
27 North Pennell Road
Lima, PA 19037

Aug. 5, 2021

Dear Mr. McMullan,

On Friday, Aug. 6, Energy Transfer operations personnel will be on site at the South Pennell valve station located near Lenni Road to complete preparation work for a smart-tool run that is expected to take place within the next two weeks.

Crews on site will be utilizing a small candlestick flare to complete this valve work. This evolution of work will take place during the day and within regular township working hours.

We have contacted County 911, local officials and nearby landowners to advise that any noticeable activity is being managed by trained and qualified personnel under controlled conditions.

If you have any questions or concerns about this work, please contact the Energy Transfer Community Hotline: **(855) 430-4491**.

Sincerely,

A handwritten signature in blue ink that reads "Joseph Massaro".
