RE: SCHEDULE OF WORK UPDATES FROM SUNOCO/ETP October 16, 2020

Saturday, October 17, 2020

Michels (Crews) will run cleaning equipment (pigs) through the pipeline to continuing cleaning from the hydrotest. The segment being cleaned is drill site HDD 591 (143 Valley Road) to HDD 620 (Riddlewood). There is some noise associated with this activity, but it is for a very short duration. Again, Sunoco/Michels will do their best to make sure all noise is limited to 143 Valley Road (Sunoco House). The cleaning is expected to occur during normal working hours.

Sincerely,

John McMullan

Township Manager
